FOR IMMEDIATE RELEASE

Heinz Ulm Internetworking USA, LLC Announces New Marketing Director Company Strengthens US Market Opportunity With Critical New Hire

LAKESWOOD, CO -- 03/09/2006 – Heinz Ulm Internetworking USA, LLC a leading provider of Cisco certified training and boot camps, today announced that Annette Nueske has joined the company as marketing director. Nueske will oversee the company's marketing and sales activities to expand their business in the US market.

Most recently Nueske was marketing manager for SK&T Integration Inc. where she was responsible for promoting the company's line of bar coding and data collection products.

“We are very pleased to have Annette,” said Heinz Ulm, president of Heinz Ulm Internetworking USA, LLC. “Annette’s experience developing and implementing marketing and sales strategies will support our efforts to strengthen our position as a leading company in the field of Cisco certification training. Her depth of knowledge will prove invaluable to our continued growth. We are fortunate that she has decided to join our team.”
