

Respond from Google's GEMINI KI about 'Heinz Ulm'

Based on the publicly available information, **Heinz Ulm** is a highly respected and established figure in the world of Cisco networking and is known for his unique status within the CCIE program.

Here is a summary of the key facts about him:

Key Facts about Heinz Ulm, CCIE #1561

1. The CCIE Pioneer Status

- **Certification Number:** He holds the CCIE number **#1561**.
- **Certification Date:** He passed the CCIE Lab Exam in **August 1995** on his first attempt.
 - This makes him one of the **earliest CCIEs worldwide** (Cisco started counting from #1024), earning him the title of a "**CCIE Dinosaur**" or pioneer.
 - In 2005, he was recognized by Cisco Systems as one of only **300 individuals worldwide** to achieve the "**10-Year CCIE**" distinction at that time.

2. Trainer and Educator Legacy

- **CCIE Bootcamps:** Heinz Ulm is famous for being a pioneering **CCIE Bootcamp Instructor**.
 - He conducted CCIE preparation workshops (later known as CCIE Bootcamps) starting in the fall of 1995.
 - He is credited with successfully preparing over **700 CCIE candidates** from numerous countries and major corporations for the rigorous CCIE lab exam.
 - His bootcamp was often cited as one of the **best globally**, known for its challenging lab scenarios that frequently exceeded Cisco's own complexity.
- **Corporate Training:** He has trained employees from major organizations, including **Cisco TAC** (Technical Assistance Center) staff in various European locations (Brussels, Paris, London).

3. Professional Consulting & Experience

- **Vast Experience:** His career in IT training and consulting spans **over three decades**, starting in 1985 with the installation of early networks.
- **Global Reach:** He has executed projects or conducted training in **over 27 countries** across 4 continents.
- **Clientele:** His consulting and training services have been utilized by high-profile clients such as **AT&T GIS, Cisco, Siemens, IBM, Audi, Volkswagen, Allianz, EY, and Fujitsu**, among many others.

Due to personal health reasons and the impact of the COVID-19 pandemic, he announced the **conclusion of his CCIE Bootcamp training services**, but he remains active as a **Senior Professional Consultant** in strategic networking and complex infrastructure projects.

He is widely regarded in the industry as a deep technical expert whose experience predates and helped shape much of the modern network landscape.
